

## We raised £420 for North Herts Samaritans

BBH Annual Exhibition held in Harpenden in July looked extremely professional. We linked up with the H.V.A.F. (an arts group with 500 members from Hertfordshire) for a Summer art exhibition.

The BBH Print Society was offered the Southdown Room in the Harpenden Public Hall, and we created a fantastic room full of hand made prints.

Over 400 artists took part from the two Societies.

The two large exhibition halls were visited by many people, all enjoying the high level of art on display and the summer Pimms and wine.

## Squares of Soul

*New bespoke range created for interior designers and customers looking for distinctive images in personal colour ways.*

I am very excited, my new collection for interior designers has taken off. The large pieces are nearly finished for a very exclusive client in London - I have not met him - it is his interior designer who I am working with, so apparently I have to just please her. She has been given carte blanche to create these amazing interiors in his large property in Bishops Avenue London..... Fantastic !!!

The smaller pieces are selling well too and I am creating colours for local clients as well - it is all go.

## Stitch into Print Workshops'

This workshop and my traditional Collagraph workshop is the last for this year and due to my heavy commitment with clients my workshop programme next year will be much reduced.

So if you wanted to do a Stitch into Print workshop or a traditional printing workshop now is your chance'

**What to expect on a Stitch onto Print workshop.** We work in the village hall so there is plenty of room for each student (you do need to have your own sewing machine) We work with dissolvable film, metal, textured lutrader, scrim, raw sisal fibres, punched holes and embossing and much more to create wonderful filigree organic printing plates, these can be printed as they are or added to collagraph sections or mono print area.

This is printing with a difference, with so many options to try. So if you think you have tried every form of printing and want to try something different then come and join us.

**Sat. 21st Sept & Sun. 22nd Sept**

**Time:** 10:00 - 4:30

**Venue:** Cassel Village Hall  
West Street, Lilley, Herts .LU2 8LH  
**Tel:** 01462-769024
