

Well, the month of May is nearly over - been very full with family events and two Exhibitions, Hatfield Living Crafts & Mentmore Arts Festival. Mixed results sales wise but met some amazing people for future exhibitions and venue contacts. The universe always gives back something - it is just a shame it did not give us reasonable weather.

Both events featured Biblical style rain and wind, how the marquees stood up we will never know. Still, people came out in their droves - good job the universe kept the plague and pestilence at bay. It's a shame my organising skills do not extend to weather control !!!

Demonstrated this plate at Hatfield so thought I would put it in the Newsletter. It is part of my 'Spirit of Gaia Collection' which will be touring next year - setting up the venues as we speak, very excited - looks like the poet Steve Thorp is on board again - Great !!.

I am reducing the amount of Collagraph workshops and Stitch into Print workshops that I do next year due to booked exhibitions and commissions that are already in place.

If you have always wanted to do a collagraph workshop with me in my studio in Lilley, Hertfordshire this could be the last opportunity. I will offer for the month of June 2014 a booking window, as part of this special Summer offer. If you book a workshop for either the Summer workshops or the Autumn workshops and return your booking form with your deposit cheque, you will be guaranteed this reduced price when you come to pay the balance at the workshop.
