

Well Autumn is here and the colours are fantastic, it's my favourite month - want to do lots of rusts and browns and gold in the studio, but busy for Xmas exhibitions, and in the process of completing 8 little Deep on Deep – hope they will become people's ideas of a good present.

Fantastic BBH Print Society exhibition in Buck County Museum, Aylesbury- very proud the best we have put together. The launch went extremely well with many members turning up for drinks and nibble, we also had Councillor Mimi Harker opening this one, she was so nice and very enthusiastic about the artwork.

There are over 100 hand pulled prints in this lovely gallery Space, well worth a visit, open until 5th November.

Just had a fun day being interviewed and lots of photos in my studio taken by Jasmin of the Gallery 1066. This lovely gallery in Baldock is doing a Focus Day on me in December, where I will be showing some of my new big hand pulled prints and lots of work not seen very often.

Only on for 3 days but a lot of promotion around it.

.....Look forward to seeing you there
