Newsletter Kim Major-George Xmas 2015

'The Golden Thread ' last commissioned artwork delivered just last week - customer was delighted with these two very large commissions created in her colours, float mounted with gold & silver thread running through the two images .

These will be hung either side of their very large plasma screen TV in one of their all white sitting rooms in a very large house in Baldock ,

I have not seen them hung yet, but I am sure they will look spectacular.

News for 2016

I am planning to start a blog in 2016 - these will feature certain projects that I have been involved with over the years. Hope those of you who see it will find it interesting.

So I plan to start in early 2016, lots to do, have many of the contacts and prices sorted but still a lot of areas to get right before they become the real thing – so watch this space!!!

My Master Classes & Tutorials

I am also planning to create 4 Master class Tutorials in DVD format, this has come about in response to being asked on many occasions how I do certain techniques that I have developed over the last few years. I also get emails from my customers who have purchased my book in Australia , USA, Canada and South Africa. Some of the techniques to be featured are talked about and explained but not in detail in my Collagraph courses – but of course this does not help students that live in far off countries.

Artwork on Show this December

I have a few pieces of my art at Gallery 1066 and London Row at 4, Church St., Baldock Herts. SG7 5AD.

Exhibition Booked 2016

I have 5 exhibitions booked for 2016 - dates and venues to follow.
